FORM OF NOTICE OF AWARD OF CONSTRUCTION CONTRACT FOR THE CONSTRUCTION OF THE WORK FOR CITY OF BUCKEYE, ARIZONA ROOSEVELT STREET IMPROVEMENT DISTRICT

Pursuant to the provisions of Arizona Revised Statutes ("A.R.S.") §§ 48-571 through 48-619, inclusive, as amended, NOTICE IS HEREBY GIVEN of the following:

The Mayor and City Council of the City of Buckeye, Arizona (the "City"), in a public meeting on March 8, 2018, opened, examined and publicly declared all bids offered for the furnishing of all labor, material, transportation, services and equipment for the "Work" initiated by Resolution No. 14-17 (the "Resolution of Intention"). Thereafter on April 17, 2018, the Mayor and City Council of the City awarded a contract for the construction of the Work (the "*Construction Contract*") to Sunland Asphalt and Construction (the "Contractor"), who submitted the lowest and best bid of a responsible bidder for the kind of material and specifications set forth in the plans and specifications for the Construction Contract for the Work at the unit prices named for the Work in such bid on file in the office of the Clerk of the City. The aggregate amount bid by the Contractor on the Construction Contract, when the amounts per unit are extended against the quantities set forth in the District Engineer's estimate, is \$5,120,113.00. The District Engineer's estimate for such portion of the Work as originally stated in the Resolution of Intention and prior to revising the scope of the Work was \$14,784,269.00.

If, because of pending or threatened litigation concerning any one or more parcels subject to assessment with respect to the Work as hereinafter described, the City and the Contractor receive a written opinion of Bond Counsel stating that improvement bonds cannot be issued against such parcel or parcels, the City may then cause the Construction Contract to be modified to exclude from the Construction Contract some or all of the Work which will benefit the parcel or parcels in question. The filing of a certificate and request that bonds not be issued against any parcel pursuant to A.R.S. 48-597, as amended, may be deemed to be threatened litigation. The property owners have waived the ability object to the assessment or the award of the Construction Contract.

The Mayor and City Council of the City have determined that improvement bonds will be issued and delivered to represent the construction cost and all of the incidental costs of the Work, including engineering, printing, advertising and posting and preparation of proceedings. Such improvement bonds shall be issued and delivered under the provisions of A.R.S. Title 48, Chapter 4, Article 2, as amended, by the City, but payable only out of a special fund collected by the City from assessments levied and assessed against the property included within the district described in the Resolution of Intention in not to exceed twenty-five (25) annual installments from the assessments of \$25.00 or over remaining unpaid as of the date of said improvement bonds. The improvement bonds payable on the first day of January next after the collection of the first installment of the assessments can be made under the provisions of A.R.S. Title 48, Chapter 4, Article 2, as amended, and on the first day of January of each year thereafter until all are paid. Said improvement bonds shall bear interest at a rate of not to exceed seven and one-half percent (7.50%) per annum. Interest will be payable on the first day of January and July of each year.

Any owner, or any other person having an interest in any lot, piece or parcel of land situated within the above described district, who claims that any of the provisions, acts or proceedings relating to the Work

are irregular, defective, illegal, erroneous or faulty, may file with the City Clerk, 530 East Monroe Avenue, Buckeye, Arizona 85326, within 15 days from the date of the first publication of this Notice, a written notice specifying in what way said acts or proceedings are irregular, defective, illegal, erroneous or faulty; if no such notices are filed, the Superintendent of Streets will enter into the Construction Contract with the Contractor to provide the Work at the unit prices specified in said bid.
